

INSULAR SOUTHEAST ASIA

International Workshop

Vienna, 29 June 2024

The workshop aims to bring together scholars and students in the social sciences and neighbouring disciplines with an interest in insular Southeast Asia (Indonesia, Malaysia, Singapore, Philippines, Brunei, and Timor-Leste). Participants are invited to present and discuss their recent and current research, share experiences, and explore new fields and opportunities for future projects in research, teaching, and other forms of collaboration. As a primary aim of this event is to foster communication and networking between like-minded colleagues, we encourage participants to propose different and innovative formats beside more conventional presentations.
